# more about eat me

## our food

For every “food souvenir” that inspired a featured menu item, our chefs have gone back to the origins and history of the dish, studying the ingredients, flavors and traditional preparation techniques. They have then worked their magic to recreate the original using contemporary methods and the fresh, local ingredients.

The results are an interpretation of a world classic, albeit modernized in subtle yet powerful ways.

---

## our culinary cocktails

Like the food, each delicious libation represents a story or an experience from adventures that span the globe. Our “culinary cocktails” are crafted using our unique combinations of fresh ingredients and the highest quality of spirits. Whether it is our hand-squeezed juices, chipped block ice, or our house-made specialty ingredients, each cocktail contains our own touch. Our bar chefs blend the culinary arts with mixology to bring an experience that is unique to all of Switzerland. Sit back, explore the menu and enjoy.

Who knows? The next drink might set you on the path to your next big adventure.

---

## our wines

We carefully select wines that we believe are accessible & approachable to all wine lovers... Wines grown and made with passion by craftsmen on family estates; wines grown with respect to the environment; and cheerful wines that can be enjoyed now rather than set aside in the hope of better days. Most of our wines come from small family estates that are certified organic or in the process of being so.
